PROFILE

B.Des Fashion Design & MA Fashion Management & Marketing, De Montfort University, Leicester, Merit. My six years of industry experience were built in India, working as a designer, commercial stylist, and brand marketer in Hyderabad. I made 60+ garments by hand, styled 100+ models on commercial shoots, and grew a boutique to franchise level through marketing I put together myself. I relocated to the UK in late 2024 and have been available to clients across the UK and India since November 2024. I am looking for my first permanent UK role in fashion, open to any position in the industry where what I know and what I have done is genuinely useful. Based in Leicester. Open to roles across the UK, including London, happy to commute, relocate, or work hybrid.

EXPERIENCE

Freelance Fashion & Marketing Consultant | *Self-Employed · Leicester, UK & India* Nov 2024 – Present

- Working with fashion and retail clients across the UK and India on design, brand marketing, influencer campaigns, and social media, managing everything independently.
- Based in the UK since late 2024. Building UK industry connections and looking for the right permanent role in British fashion.

Fashion Stylist | *Ras Media & Entertainment Pvt. Ltd · Hyderabad, India* Sep 2023 – Aug 2024

- Styled 100+ models on commercial brand shoots, every look made to the brief, every costume tracked, every deadline met. Nothing slipped.
- Worked directly with brand and creative teams on campaign briefs. Took on marketing and communications work alongside styling when the team needed it.

Fashion Designer | *Vaibhavi Boutique · Hyderabad, India* Oct 2017 – Jun 2020

- Designed and made 60+ bespoke garments personally, every pattern drafted, every seam sewn, every fitting done by me. Clients left with something made exactly for them.
- Built the brand's entire marketing operation myself, including social media, influencer gifting, and seasonal launches. No agency. The brand went into a franchise. That still feels good to say.
- Sourced all fabrics from Indian textile markets over three years. Most new clients came through referrals, which only happens when the work is consistently right.
